

Practice payment policy

- It is our practice policy to give patients full information about the cost of their dental work before any treatment is undertaken. A list and explanation of our private fees can be found on the practice notice board.
- A written estimate and treatment plan will be provided for any dental treatment more extensive than an examination with or without radiographs , scale and polish and one filling.
- We offer patients a range of payment options, depending on their needs.
- You may pay for your dental care by cheque (only by agreement of the dentist, cash, or credit/debit card.
- We try to make payment as straightforward as possible. Our normal policy is that private patients are asked to pay a proportion each visit.
